INTERNSHIP

Software Developer Intern

Devoic Skilltech Consultancy Pvt. Ltd.

PlayConnect Development

- Working on the development of **PlayConnect**, a sports matchmaking application.
- Developing features that help users find and connect with sports players.
- Working with **React Native** and **Convex** for application development and backend integration.
- Working on user authentication, match creation, and nearby sports match features.

PROJECTS

PlayConnect – Sports Matchmaking App

React Native | Convex

- Built a sports application that helps players find and connect with other players.
- Added features for creating and finding sports matches.
- Implemented user authentication and backend integration.
- Designed features to help players find nearby sports matches.

Yarn Art Store – E-Commerce Website

[GitHub](#) | [Live Demo](#)

MERN Stack | Cloudinary

- Built a full-stack e-commerce website for selling yarn and handmade products.
- Added product search, categories, product details, cart, and wishlist features.
- Created an admin section to manage products and orders.
- Used Cloudinary to store and manage product images.
- Developed the application using React.js, Node.js, Express.js, and MongoDB.

STRENGTHS

Quick Learner | Problem Solving | Teamwork | Positive Attitude
